### Homework Assignments

Quizzes: An incremental assignment will be given to the student at the time of registration, which must be completed prior to completing the final exam. This assignment consists of fifteen mini-quizzes, each with ten multiple-choice questions, which must be completed (either dropped off at the school or mailed back to us) to set up a final examination.

### Exam Requirements

**Participants shall present one of the following forms of identification immediately before the administration of the final examination:**

- A. A current California driver's license.
- B. A current identification card described in Section 13000 of the California Vehicle Code.

- C. Any identification of the participant issued by a governmental agency or a recognized real estate related trade organization within the immediately preceding five years which bears a photograph, signature and identification number of the participant.

**Final Examination:** The final is an open book examination. After the student has carefully reviewed over the study materials, the student may request a convenient date and time for taking the final examination, either at our school or with a monitor. The final examination for this 45-hour course consists of 100 multiple-choice questions. They will be allowed up to 3 hours to complete this examination.

If the student would like to take the final exam at another location outside of the school, a monitor/proctor can be used, who can administer the exam for them. The school can designate an outside monitor/proctor which cannot be related to the student by blood, marriage, domestic partnership, or any other relationship. They must fill out the "Final Examination Monitor Request Form" to certify this information at the time of request. After the school has received this form, the final exam will then be sent to the qualified test administrator, who will then notify the student for the scheduling of the final examination.

**Completion of Course/Certificates:** If the student achieves a score of seventy percent (70%) on the final examination, an official certificate of their course grade will be mailed to them within seven days.

**Re-Examination Policy:** If the student fails to achieve a score of seventy percent (70%) on the final examination, the student may take one alternate final exam within the one-year period. This alternate final will be taken as an open book, 100 question multiple-choice exam in the same manner as the first examination. If a student fails this alternate exam, they will be required to restart the course program, in which they will need to redo the whole course again and wait at least 18 days to take the final exam again.

**Maintenance of Records:** The school will keep records of student attendance completion certificates for up to five years. If the student needs an additional or duplicate certificate, a \$10.00 handling fee will be charged for a re-issuance.
